### **Eating and Drinking with Acknowledged Risk Disclaimer**

I ..... (Legal guardian) am aware that based on clinical assessment of my child's eating, drinking, and swallowing skills, it has been identified that there is no safe consistency for my child to receive orally.

In discussion with my child's Consultant Paediatrician, I have been informed of the possible negative impact that continued oral feeding may have on my child's health and wellbeing and have made an informed decision to continue to offer food and/or fluids orally.

I understand that my decision is against the recommendations of my child's Speech and Language Therapist and the School Nursing team, and I accept the responsibility for the possible implications of this decision.

My child's episode of care with Speech and Language Therapy, for the management of eating, drinking, and swallowing (Dysphagia) is now closed.

Parent Signature..... Date: .....

Original to be filed in the pupil's medical records
